Celebration of Hope

at 1:30 p.m.

Farnham Dudgeon Civic Center

Frankfort, Kentucky

This year will be our last year together and we want to end on a grand note. We're looking for your creativity in two areas:

- Our contest this year for those who would like to enter will help us brighten the day. As an individual or group, design a centerpiece to be used on a table at the reception. The theme of course is breast cancer; the preferred color is pink; but other colors may be included. The centerpieces can be as bright, bold and flashy as you would like them to be; or they can be supportive, romantic and reflective. Any type materials, flowers (artificial or real), your imagination and ideas are your only limit. The centerpieces will be assigned a number for judging purposes when you bring them into the civic center. Please present an index card with the name(s) of the person (group) submitting the entry and an address. The creators may take them back home after the event, if you choose.
- Since this will be our last year with First Lady Judi Patton, we would like to show our appreciation for her creating and hosting the *Celebration of Hope*. We are going to create a memory book for her and would like your many thoughts and wishes to put into it. Be sure to include your name and address

on your note, letter or card, so she will always have a record, and if you would, please include how long you have been a survivor. Please bring these wishes with you to the *Celebration of Hope* and there will be a table set up to collect them. We can think of nothing better than having hundreds of memories for her to have to remember those who have meant so much to her. If you are unable to attend this year and would like your thoughts included, mail them to:
